NER Committeemen's Letter No. 101

UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL ADJUSTMENT ADMINISTRATION
WASHINGTON, D. C.

May 8, 1937

FOR STATE, COUNTY, AND COMMUNITY COMMITTEEMEN,
Northeast Region.

Dear Committeeman:

This morning I chanced to glance over a new bulletin, entitled "Do We Want to be Farmers." I was impressed with the clearness of its statement of the economic problems of farming. It occurred to me that many of you would be interested in going over it.

I am accordingly enclosing a copy which you will, I think, enjoy reading, particularly if you read through to some of the later sections. I believe you will find that it makes a contribution to clear understanding of our underlying agricultural problems.

Sincerely yours,

A. W. Manchester
